## RESOLUTION WAS ADOPTED

Baldwin, Dillingham and Thurston State Their Attitudes in the Matter.

The stockholders of the Kihei Plantation Company held a special meeting yesterday at the Chamber of Commerce, there being stockholders present, either was defeated, because they have in person or by proxy, representing 37,319

Mr. H. P. Baldwin stated that the object of the meeting was to consider a proposition for the surrender by himself and Mr. I., A. Thurston of certain shares of the company, with a view to reducing its capital from \$3,000,000 to \$2,500,000; that since the incorporation of the company the price of labor, of coal and of material had largely increased, and although the company had originally intended to erect that as long as the company could get its cane ground by the Hawaiian Commercial on the terms of this contract it would not pay the company to erect a mill; that in consideration of the foregoing the speaker was of the opinion that it would be desirable to reduce the capital stock of the company to \$2,500,000; that the original amount of stock received by him for his interest in the land had been \$800,000, and he proposed to surrender to the company to the company to the company to the company to \$2,500,000; that the original amount of stock received by him for his interest in the land had been \$800,000, and he proposed to surrender to the company that of that amount; that he had discussed the matter become that following reply:

A constant drain of the new line would probably arrive here from New York about December 1, and that after that date sailings would be made from Seattle every thirty days. Mr. Cook states that the steamers of the company will also call at Tacoma. His orders do not state in which city the main of the state of the company will be located, but as practically all of the Puget Sound

consideration of the foregoing the speaker was of the opinion that it would be the opinion that it would be company to \$2,50,000. that the original amount of stock received by him for his interest in the land had been \$50,000, and had also aurrender a portion of his three would also aurrender a portion of the subject he would state his views contracted and also aurrender a portion of the subject he would state his views contracted by the subject he would state his views contracted by the subject he would state his views contracted by the subject he would state his views contracted by the subject he would state his views contracted by the subject he would state his views contracted by the subject he would state his views contracted by the subject he would state his views contracted by the views and to the company was a clear business of the subject he would be not mission to the state of the subject he would be not subject to the contracted by the subject he would state his views contracted by the subject he would state his views contracted by the subject he would state his views contracted by the contracted by the subject he would state his views contracted by which the Ribel land was sorted to the honorable the social receivable to the company was a clear business with the subject of the honorable views and to the company was a clear business will be subject to the honorable views and the confidence of the honorable views and to the company was a clear business will be subject to the honorable views and to the company was a clear business will be subject to the honorable views and to the company was a clear business will be subject to the honorable views and to the company was a clear business will be subject to the honorable views and to the company was a clear business and the confidence of the patient which was being done by Mint Business and the would be well and the world having business and the patient was a clear business and the patient was a clear business and the patient was a clear business and the

cane which had disappointed him; that a small piece of cane cut this past summer or some of the poorer land of the company had yielded about seven tons of sumany had yielded eight or nine tons; that the land now being planted he considered the equal of any on Maul. He said further that the dust which had been made so much of, was simply temporary, owing to long lack of rains on the open lands; that this winter's rains and the extension of cultivation would probably begin to make beer about the beginning of the pacific Coast has the superior medications of cultivation would probably begin to the pacific Coast has the superior medications of cultivation would probably begin to the pacific Coast has the superior medications.

made so much of, was simply temporary, owing to long lack or rains on the open lands; that this winter's rains and the extension of cultivation would probably remedy all that.

Mr. Dillingham made a statement concerning, a contection with the promotion of the commany, more particularly with relative to the value of the land. He stated that the area of cane land was plant attention, that in his opinion the soil was just as good as that of Oahu; that he considered it well worth what was paid for it; that not one dollar of the money paid by the subscribers to the assessable shares brook, which has still held; that the speaker himself subscribers to the sakessable states lock, which has strong and the several was that of the land by taking 190,000 worth of the assessable states.

### KEEPING THE GOLD HERE

The problem of keeping the gold here that would be sent out of the couna mill, it had since made a contract for try in payment of customs duties to grinding its cane at the Hawaiian Com-mercial mill. The speaker was of opinion ed partially. The United States treas-that as long as the company could get its ury has compelled Collector Stackable and requesting them to hold them-
